

Wands of Horus - Types Available

In Ancient Egypt the **Wands of Horus** were filled with quartz crystals of differing sizes. The size of the crystals depending on the task they were seeking to accomplish, the state of the health and energy system of the user. First and foremost, though, the cylinders are a tool for “attainment”, allowing you to achieve a step-by-step evolution of your energy potential and, as a consequence, of your psychic capacities.

Each set of **Wands of Horus** comprises;

- two cylinders (one copper, one zinc)
- 4 large copper patches and 20 small copper patches
- Insoles are leather shoe insoles with copper-zinc inserts for stimulation of first chakra
- 2 magnetic patches (Kont only)
- night bands
- certificate
- cotton bag

Type	Description
	Wands of Horus^{Kont} with carbon and ferromagnetic fillings are good for those with high blood pressure and also as a means of effective (rapid) recovery after stress and improvement of sleep patterns. Any type of wand effectively restores the nervous system, but Wands of Horus ^{Kont} have a more pronounced impulse effect capable of getting a problem moving, which is good in critical situations. It should be remembered, however, that the energy (pranic) cocoon created by the Wands of Horus ^{Kont} will not be lasting, due to the impulse nature of the effect.
	Wands of Horus^{Quartz} fine-grain are intended for people with weak vasucual (energy) systems, those who have recently suffered a stroke or a heart attack (cardiac infarction) They have a mild stimulating effect without causing unpleasant sensations.
	Wands of Horus^{Quartz} medium-grain have a more powerful stimulatory effect. They are intended for more intensive action upon the vascular (energy) system as the next stage after the Wands of Horus ^{Quartz} fine-grain. They are very effective in cases of arthritis, arthrosis and polyarthritis in combination with salt baths.
	Wands of Horus^{Quartz} large-grain are intended for people with a normal vascular (energy) system. This type has a pronounced general stimulatory effect on the vascular (energy), nervous and endocrinal systems.
	The Wands of Horus^{Crystal} (several crystals in each wand) possess the same properties as the Wands of Horus ^{Mono} but to a less pronounced degree due to the absence of a completely homogenous crystal structure. The Wands of Horus ^{Crystal} are an intermediate tool between the Wands of Horus ^{Quartz} and the Wands of Horus ^{Mono} .
	Wands of Horus^{Mono} contain monocrystalline quartz. This type of cylinder was intended for priestly healers. The energy “cocoon” created by this type can have a powerful harmonising effect on the patient, at one and the same time implementing and relaying a signal originating in the healer’s consciousness. There are three types available;
	<ul style="list-style-type: none"> ■ Wands of Horus^{Mono} The Wands of Horus Mono with a single monocrystalline quartz crystal are intened for those developing their healing skills and are an intermediate tool to be used before progressing to a Mono-6, Mono-9 or Mono-12.
	<ul style="list-style-type: none"> ■ Wands of Horus^{Mono-6} The Wands of Horus Mono with a six-faceted crystal are designed for those with a well developed and prepared energy system. The six-faceted crystals that strengthened certain of the wands’ properties. Among other things, hexagonal crystals were placed in the wands to synchronize the human energy system with that of the Earth.
	<ul style="list-style-type: none"> ■ Wands of Horus^{Mono-9} The Wands of Horus Mono with a nine-faceted crystal are designed to stimulate and synchronize the human energy system with the energy flows of the ninth level of the Universe’s energy system transformed by the Earth’s core. This is a tool that should only be used by those who have undergone a period of preparation and developed their energy sufficiently through daily work with Wands of Horus Mono, Kont, Quartz or Crystal for no less than one year.
	<ul style="list-style-type: none"> ■ Wands of Horus^{Mono-12} The Wands of Horus Mono with a twelve-faceted crystal are designed to stimulate and synchronize the 12 human energy bodies with the 12 energy systems of our Solar system and Universe(God), through energy system of Earth. This follows the principle of 12; planetary bodies, 12 months, 12 year cycles, 12 hours day and night etc. This is a tool that should only be used by those who have undergone a period of preparation and developed their energy sufficiently through daily work with Wands of Horus Mono-6, Mono-9 and BJA for no less than one year.
	The Wands of Horus^{BJA} are a variety of the Wands of Horus ^{KONT} in which, following an ancient formula, one of the wands is filled with meteoritic or native (naturally pure and uncombined) iron. The Ancient Egyptians called such iron “bja”. The word “bja” often occurs in the “Pyramid Texts”. Experiments conducted with this type of wand indicated that, as a material of natural origin , native or meteoric iron possesses a number of amazing properties that belong to this type of the Wands of Horus alone. The Wands of Horus ^{BJA} stimulate and increase a person’s psychic abilities, effecting the human energy system is to increase sensory sensitivity and the organism’s resistance to the negative influence of solar and magnetic storms.
	<p>Hand crafted wooden containers designed to hold a set of Wands of Horus. There are numerous designs available. Check regarding availability of the different types when purchasing.</p> <p>The biostimulator insoles have copper inserts for the right foot and zinc ones for the left. The potential difference created using the insoles effectively harmonizes the BA-KA energy flows, encourages the normalization of the pH level of the blood and improves its fluidity, as well as stimulating the energy projections of the organs and systems that come out on the soles of the feet.</p> <p>Under the influence of the biostimulator a general increase in the energy of the organism is observed, together with activation of the circulation in the blood system of the spine and the prostate gland, which are closely connected with the projection of the first energy centre.</p>
